Journal Entry 3

Today we infiltrate Ward HQ in Delhi. Both the elders and Ariel are sure that this is where we'll find the drive, let's hope their intelligence is accurate. But honestly I can't wait to be done with all this and return to finding Him

The old lady from the adivasi village (Rani) said he's now in the company of two other wildlings. A man and a woman... I'm trying hard not to think about what that might mean. (From what Rani said, this female wildling has a strong will and I know he has a type.)
But where did he meet these wildlings? What is he doing with them? What were they searching for in India? I'm close to finding him, I can feel it... I'm almost there.

Anyways... back to the matter at hand. Get the drives from these thieves. I guess, it will be interesting to meet the wildlings that escaped from the infamous red tree
